EDUCATION

- **Sri Naga National School**
 - G.C.E Ordinary Level Examination (O/L)
 - G.C.E Advance Level Examination (A/L)
Commerce Stream
- **Sri Lanka Institute of Information Technology (SLIIT)**
BSc (HONS) Specialisation In
Information Technology 2023 - 2027
- **British Way English Academy
– Sri Lanka**
Diploma / Certificate in English
Language 2022

SKILLS

- **Languages** : java, Kotlin, PHP, Python, C
- **Web Technologies** : HTML, CSS, MERN, JavaScript
- **Frameworks/Libraries** : React.js, Node.js, Express.js, Mongoose
- **Data Structures**
- **Version Control Tools** : Git, GitHub, VS Code, Eclipse, MySQL
- **Databases** : MySQL, MongoDB
- **Other Skills** : UI/UX Design (Figma), Debugging

LANGUAGE

English
Sinhala

ABOUT ME

I am a Heshan Minod, Undergraduate student in Information Technology at SLIIT, with a strong foundation in programming, software development, and web technologies. I am passionate about learning new technologies, solving problems efficiently, and applying my knowledge to practical projects. Good understanding of MVC architecture, OOP concepts and version control using Git & GitHub. My hope is to become a very successful developer by gaining many new experiences.

PROJECTS

Warehouse Management System

- MERN Web app to develop a web – based system to automate warehouse operations (MongoDB, Express, React, Node.js), The system reduces manual errors, improves real-time tracking, and enhances operational efficiency and decision-making.

SHINIX -

- Mobile UI prototype (Figma, UX/UI Design)
- SHINIX is a user-friendly smartphone app that simplifies online electronics shopping with browsing, secure purchasing, and order tracking features.

ZenMind

- Android app (Kotlin, Material Design, Android Studio)
- This mobile app is a Student Task Management System that helps students organize and track academic tasks with a secure login, intuitive dashboard, and modern, user-friendly interface.

Wellness Tracker

- Wellness tracker App (Kotlin, SharedPreferences, Notifications)
